AIRPORT

AMBASSADOR

What is an Airport Ambassador ?

In November 2001, the Savannah Airport Commission created a corps of volunteers named "Ambassadors." Ambassadors, who are easily identified by their red blazers and warm smiles, make a significant impact on the public's perception of Savannah and surrounding areas. As an Ambassador, you will come into contact with hundreds of people every day.

Ambassadors perform many tasks including greeting the public, assisting families, meeting passengers, and giving directions.

Volunteering as an Airport Ambassador gives many people the opportunity to give something back to their community.

Why Volunteer ?

The Savannah/Hilton Head International Airport is an exciting place to volunteer because it has grown considerably in recent years. We now offer the public eleven non-stop destinations on seven airlines. Recent improvements include additional gates, concourse expansion, more eateries, and a four-level premium parking deck. A new and improved Visitor Information Center was also a result of our constant focus on providing world-class customer service.

Close to two million passengers travel through Savannah/Hilton Head International each year. This statistic does not include the many meeters and greeters of passengers who also visit the terminal.

Our Airport Ambassadors have the pleasure of being the first to welcome visitors to our terminal.

Become an Airport Ambassador!

Volunteers are encouraged to join the Ambassador Program. To be eligible for an Ambassador position, individuals must be willing to work a weekly two-hour shift, stand for a minimum of two hours, and participate in a team environment. Applications are available at the Airport Visitor Information Center located on Level 1, Baggage Claim. For more information, please call the Airport Visitor Information Center at (912) 966-3743.
